EYE-SIGHT.

NOTICE.

MR. N. LAZARUS, Oculist, of London and Calcutta, may be consulted for SPECTACLES at the HONGKONG HOTEL, (Room No. 130) FOR A FEW DAYS ONLY.

A great proportion of catarrhs and diseases affecting the eye, arising in life, occur to those having some deficiency in the construction of the eye, the many years of "Eye Strain" ending in various forms of disease. Glasses specially adapted to youth to those requiring them save and preserve the sight.

Constantly recurring headaches, spots of dimness when reading, weak eyes, the letters running together, any of these symptoms indicate a deficiency in the form of the eye requiring Glasses only to correct and cure.

MR. LAZARUS supplies his SPECTACLES only after testing the sight.

THE MILITARY CONTRIBUTION. MEMORANDUM ON THE MILITARY CONTRIBUTION. THE HON. SECRETARY OF THE HONGKONG GOVERNMENT.

1.—We desire to record our protest against the decision of the Right Honourable the Secretary of State for the Colonies, embodied in his despatch of the 8th June, 1896, in reply to our memorandum of the 21st March last, on the subject of the Military Contribution.

2.—In that memorandum we asked that, in calculating the gross revenue of the colony for the purpose of assessing the amount of the Military Contribution, all items of purely municipal, as distinguished from general, revenue, should be omitted, as has been done in the despatch of the Secretary of State, in the Straits Settlements.

3.—The Secretary of State has in his despatch upon this subject, absolutely declined even to take our representations into consideration, and has refused to alter his decision, but on the ground that even if we were to admit the justice of our claim to have the estimate of gross revenue amended as requested, it would result in a disproportionate increase in the percentage rate at which the military tax is levied.

4.—As this decision of the Secretary of State means practically that no matter how much we may be in a position to contribute to the military tax, we will not be allowed to reduce the tax, or to diminish the gross revenue raised in the colony, so as to affect the amount of the Military Contribution, or, in other words, that although the amount of our Military Contribution may increase with every increase in our revenue, it will never be allowed to diminish in proportion to any decrease in the gross revenue, we formally protest against it as an unreasonable and unjust.

5.—Our petition that the military tax should be fixed at the rate of 10 per cent. of the total colonial revenue, less municipal revenue and the land tax, is a reasonable and just one, and we trust that the Government will be able to meet it.

6.—Our petition that the military tax should be fixed at the rate of 10 per cent. of the total colonial revenue, less municipal revenue and the land tax, is a reasonable and just one, and we trust that the Government will be able to meet it.
